## STEEL STRIKE CRIPPLES MANY MILLS THROUGHOUT THE ENTIRE NATION

### PRESIDENT IS NOW TURNED TOWARD HOME

BY JOHN EDWIN NEVIN

On Board President Wilson's Train En Route Reno, Nev., Sept. 22.—With his train definitely turned northeastward, President Wilson today made a start for home, personally to assume command of the final days battle for the ratification of the treaty of Versailles.

Fresh from what was, in his opinion and that of the members of his official staff, a complete triumph on the Pacific coast, the president was extremely confident that he has his fight won. He believes absolutely that the votes are available for complete ratification and he remains extremely confident that the vote to reject any and all reservations and textual amendments that go to heart of the treaty and which would require resubmission of the treaty to the signatory powers for approval will be an overwhelming one.

The biggest test will be on the Johnson amendment to demand for the United States the same number of votes that are given to Great Britain and on the Norris amendment that would substitute China for Japan wherever the latter nation is mentioned as a beneficiary in the Shantung provisions of the treaty.

### DR. McCORMICK BUYS THE KEYES HOME

Dr. J. R. McCormick becomes the owner of the old Garfield home on North Galloway street, through purchase of the property yesterday from Frank F. Keyes. Dr. McCormick bought the property for a home, and possession will be given to his family as soon as possible for Mr. and Mrs. Keyes to vacate the house. The property is one of the most desirable residences in the city. Dr. McCormick may improve it by the addition of a veranda. The contract was made through the agency of John W. Prugh.

### ONE GAME SHORT

New York, Sept. 22.—The White Sox are still one game removed from the American League pennant today. Unable to clinch the championship during their eastern trip, the Sox have returned to their own stampering grounds to play five more games. They will meet the Browns in a two game series starting Wednesday and wind up the season in three games against Detroit.

The fast going Cleveland Indians have four games remaining. On Wednesday they are scheduled to invade Detroit for two games, after which they will meet St. Louis at Cleveland in a two game series.

### MEN ARE LAID OFF.

Findlay, O., Sept. 22.—Two hundred men employed at the Adams Axle works were laid off today for two weeks because the company cannot secure enough material to keep them at work.

### LEADERS OF OPPOSITION FORCES IN WHAT MAY BE GREATEST STRIKE IN HISTORY.

John A. Fitzpatrick and Judge Elbert Gary.

John A. Fitzpatrick, leader of the steelworkers' unions, and Judge Elbert H. Gary, chairman of the United States Steel Corporation, who heads the opposition force, in what may develop into the greatest strike in the world's history. More than 2,000,000 men will be involved. The steel workers' unions have refused to postpone the strike until questions involved can be thrashed out at the employers-employees conference called by President Wilson in Washington on October 26.

### EIGHT SHOTS ARE FIRED INTO PLANT OF STEEL COMPANY

Pittsburgh, Pa., Sept. 22.—The first flurry of excitement in the steel strike here came this morning when two unidentified men fired eight shots into the plant of the Clairton Steel plant at North Clairton. No one was injured.

The shots were fired from a hill overlooking the plant. State troopers made a dash after the men, but they succeeded in escaping through the woods.

Officials attributed the shooting to sympathizers of the men who were arrested yesterday while attempting to hold a mass meeting in a public square. Mounted troops broke up the meeting and arrested 10 of the leaders.

### EXTENSION OF HOME SERVICE WORK PLANNED

Extension is to be made of the home service Red Cross work in Greene county and a large number of other counties throughout Ohio.

Anticipation of this extension a survey of Greene county is to be made by townships, under the direction of Mrs. Lula C. Quisenberry, local Home Service secretary.

Community center and recreational work is to be taken up, as well as civilian relief work in every district in the county where the last named phases is not covered by any other agency. In Xenia the Social Service League covers the civilian relief work, and this branch of service will not be taken up locally by the Red Cross.

Mrs. Quisenberry has just returned from Cincinnati, where she attended a meeting of the executive secretaries from all parts of the state, at which meeting extension of the home service work was discussed and plans made for that purpose.

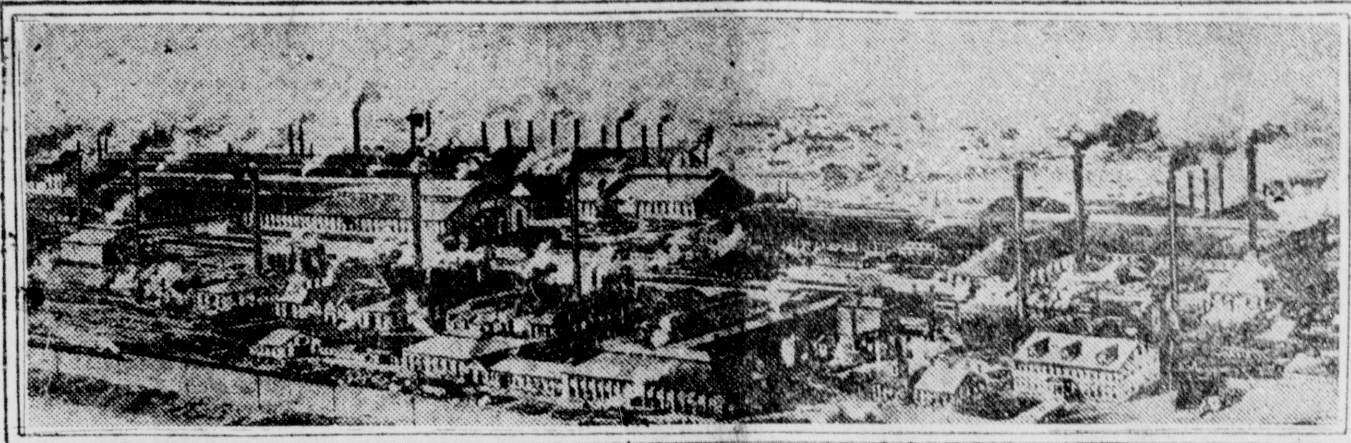

The survey of local conditions in each village and township, will be followed by recommendations from the people in the communities regarding the nature of the work which they wish taken up for their benefit.

### FAREWELL RECEPTION FOR PASTOR AND WIFE

The Rev. Young, pastor of Union Methodist Episcopal church, and Mrs. Young were tendered a farewell reception at the home of Mr. and Mrs. L. J. Crumley prior to their departure for their new home at Peebles. Members of the Richland church were guests and about fifty people gathered to say goodbye to their retiring pastor and his wife. The house was decorated with garden flowers. An ice and cake was served and the favors were tiny cards in pink and white, the color arrangement for the evening.

The Rev. Mr. Young has been succeeded as pastor of Union church by the Rev. Charles Smith of Peebles, with whom he exchanged places.

### BETHLEHEM STEEL PLANT, WHICH WILL BE AFFECTED BY GREAT STRIKE

Bethlehem Steel Works, Bethlehem, Pa.

A view of the Bethlehem Steel Works, in the city of Bethlehem, Pa., which will be affected by the nationwide strike of the steelworkers. This great strike may involve more than 2,000,000 men and may develop into the biggest strike in the world's history.

### STRIKE BULLETINS

Pueblo, Colo., Sept. 22.—The plant of the Colorado Fuel and Iron company here, employing approximately 6,000 steel workers, opened this morning with a reduced force. No accurate estimates of the number of men going on strike could be obtained at an early hour. About 60 per cent of the men are members of the various steel unions. Pickets had been established, but no disturbances were reported.

Buffalo, N. Y., Sept. 22.—Eighty per cent of the steel workers employed at the Lackawanna Steel company, the Donner Steel plant and the Rogers Brown Iron works, numbering approximately 12,000 men, left their jobs this morning. There was no sign of trouble. The men reported for work and later left their tasks. Practically all of them returned to their homes. There was no loitering on the streets.

Warren, O., Sept. 22.—Responding to orders received last week, all steel workers in the Trumbull and Western Reserve Mills reported for work this morning and there were no strike or walkout here. Strike of electricians of the three plants of the Brier Hill company, the Western Reserve Mills here and the Thomas and Empire Mills in Niles was in effect today.

Wheeling, W. Va., Sept. 22.—The steel strike hit the Benwood and Wheeling district hard today. Practically all the mills are closed in the districts and 12,000 men are idle. Approximately 3,000 are out at the Benwood plant of the National Tube company, 3,000 at the Benwood-Wheeling and Martins Ferry plants of the Wheeling Iron and Steel company, 800 at the Carnegie plant at Bellaire, Ohio, and 200 at the Labelle Iron works here. The other six mills in this district are already closed, having been on strike for a week.

Youngstown, O., Sept. 22.—That practically every steel mill, except those at Warren in the Youngstown district, extending from Sharon, to Warren, is paralyzed by reason of the general strike of steel workers which went into effect today, is admitted by heads of the plants, who have been in constant touch with the situation since early this morning.

Chicago, Sept. 22.—Without the slightest sign of disorder 80 per cent of the upwards of 100,000 steel workers in the Chicago district, comprising Chicago proper, South Chicago, Indiana Harbor, Gary, and numerous other small steel towns in the Calumet region went on a strike today. According to union leaders the strike has "paralyzed the steel industry in this section."

Washington, Sept. 22.—Indications are that "there is a complete tie up" of the steel industry, according to a telegram received this afternoon by Samuel Compers, president of the American Federation of Labor, from Wm. Z. Foster, secretary and treasurer of the steel workers national committee. Foster's telegram stated that he would "send details later."

Cleveland, O., Sept. 22.—Union leaders estimated at noon today that 20,000 steel workers are on strike in the Cleveland district.

Adding to the effectiveness of the strike, switchmen employed on the Newburg and South Shore railroad which is the feeder line of the big steel mills joined the ranks of the strikers.

FOOD REACHERS FIUME. London, Sept. 22.—Two vessels of 500 tons, laden with food, have arrived at Fiume according to the Rome correspondent of the Exchange Telegraph company today. Troops are being massed on the Italian armistice frontier.

### BORAH WILL HELP JOHNSON IN TREATY FIGHT IN CALIFORNIA

Washington, September 22.—Senator Borah, of Idaho, is today planning to go to California with Senator Hiram Johnson when the latter's amendment to equalize the voting strength of the United States with that of Great Britain in the League of Nations is disposed of by the senate.

In announcing this Borah added that he contemplated spending three weeks with Johnson on the Pacific coast in attacking the League of Nations on other provisions of the treaty he regarded as objectionable, and in answering the arguments President Wilson advanced there in their behalf.

A telegram received by Borah from Johnson set at rest all doubt as to whether the California senator was going to continue his speech making tour westward, or return for the fight over his amendment in the senate this week. Johnson wired Borah that he would be in his seat tomorrow.

Senator Reed, of Missouri, a Democratic opponent of the League, will

open the fight for the amendment's supporters this afternoon with a long prepared speech in which he will take issue with President Wilson on the proposition of the British Empire having six votes and the United States but one in the league assembly.

The real fireworks will not begin until tomorrow, however, when Senators Lodge and Knox are scheduled to lead off the debate for those favoring the amendment after it is formally called up by the Massachusetts senator. Senator Penrose is looking after the parliamentary details, while Senator Borah and Senator Johnson promise to pour much hot shot into the ranks of the administration forces.

Both sides admit that the vote on the amendment is almost certain to be "close." Both sides, of course, claim victory.

The amendment is certain to prove a crucial test of strength between the opponents and proponents of ratification of the treaty without amendment or reservation.

### MRS. FAULKNER AMONG SPEAKERS

Mrs. A. E. Faulkner, state councilor of the Daughters of America, was one of the speakers at the ceremonies held in connection with the presentation of a flag to the Wilmington school by the Jr. O. U. A. M. Sunday afternoon.

The presentation speech was made by State Vice Councilor Starker of the Juniors, from Cincinnati, and the superintendent of schools accepted the banner. Addresses were also made by Wilmington clergymen. Pupils of the junior and senior high schools gave the salute to the flag as the banner was being drawn to the top of the staff.

### FIGHT TO DEATH TO HOLD FIUME

Geneva, Sept. 20.—Captain Gabriele D'Annunzio, the soldier-poet, who has occupied Fiume with heavy armed Italian forces, declared in an interview to the Fiume correspondent of the Rome newspaper Corriere de Italia that the Italian warships in the Fiume harbor have gone over to his leadership according to advices received here today.

Claiming that he has enough troops to dominate the situation at Fiume d'Annunzio is threatening to "fight to the death," if any attempt is made to drive him out.

### SILENCE OF WILSON OMINOUS

Rome, Sept. 22.—President Wilson's silence upon the new proposals for a settlement of the Fiume situation and his delay in taking any action upon them are taken here as ominous.

It was stated here today in government circles that both the government and the Italian people "anxiously await President Wilson's approval which probably would solve the question."

### FIGHT FIVE DAYS WITH BOLSHEVICS

London, Sept. 22.—Russian Mohammedans have been engaged in a five day fight with the Russian Bolsheviks, said an Exchange Telegraph dispatch from Peking today. The Chinese Mohammedans will likely join the Russian Mohammedans against the Reds, the dispatch added.

The telegram failed to give the location of the fighting and any of the details.

### POSTPONE STRIKE UNTIL THURSDAY

Bethlehem, U.P.A., Sept. 22.—Bethlehem Steel company employees throughout the Lehigh valley district postponed their threatened strike today. Leaders of the men decided today to give the company until Thursday to consent to a conference and if the company refuses then the strike will be called for Monday, Sept. 29. Labor leaders asserted today that if the strike is called, 32,000 employees of the Bethlehem plants will go out.

### BRITISH CABINET REPORT PREMATURE

London, Sept. 22.—Reports of a complete reconstruction of the cabinet are premature, although two changes may be made, said the parliamentary lobby correspondent of the Daily Express today. Winston Churchill may be replaced as war secretary by Lord Rothermere, a brother to Lord Northcliffe and Viscount Milner may be succeeded as colonial secretary by Colonel Churchill, according to the correspondent.

### MARKETS TAKE BULLISH TURN

New York, Sept. 22.—Reports that some steel mills were running as usual although in many cases with reduced forces, gave a bullish impetus today, and good gains were recorded on a number of issues. Trading was on a small scale, however.

### BASEBALL COMMISSION MEETS

Cincinnati, Ohio, Sept. 22.—The National Baseball commission will meet here today to arrange details for the coming world's series. The schedule, the time of starting games and the opening date will be decided.

### AUCTION DATES RESERVED

Sept. 22.—Mrs. Jas. K. Webb and Warren Webb.  
Sept. 25.—Elizabeth Burnett.  
Oct. 14.—Walker Austin.  
Oct. 16.—Mrs. Jane Arthur.  
Oct. 15.—D. E. Turner.  
Oct. 15.—J. W. Lee.  
Oct. 20.—Harry Townsley and Johnson Bros.  
Oct. 25.—E. H. Smith.  
Oct. 22.—E. T. Linson.  
Nov. 1.—R. C. Watt and Son.

## DESPERATE STRUGGLE OF CAPITAL AND LABOR IS ON IN UNITED STATES

BY GEORGE R. HOLMES.

Pittsburgh, Pa., Sept. 22.—The big steel strike broke quietly over the United States today.

From the Rockies to the Alleghenies, the big mills which form the nation's greatest industry continued operation with crippled forces, carrying according to the locality and the degree of organization which the American Federation of Labor has succeeded in affecting.

A few plants were closed down completely. Others continued operating fully, feeling little or no effect of the walkout order. Still others started operations with partial forces.

So vast was the area covered and gigantic the scope of the strike that definite figures on its success or failure were practically impossible to obtain.

In the Pittsburgh district which includes all that territory from Johnston, Pa., to Youngstown, Ohio, and forms the cockpit for the great national struggle, early reports were that approximately 25 per cent of the employees as a whole had refused to go to work this morning.

Both sides, as usual, expressed optimism concerning the situation and declared their belief the ultimate showdown will be favorable to them.

The officials of the United States Steel corporation asserted that practically every plant operated by the corporation in this district was in operation this morning and unless unforeseen developments occurred would continue operation. A few of the blast furnaces, in which the labor is mostly foreign, were closed down, but as a whole, it was stated the strike was having no effect.

W. Z. Foster, secretary and treasurer of the national committee who is conducting labor's end of the fray from here, said:

"Early reports show that many of the plants have closed down completely. In others the employers are making a pretense of keeping open, with steam up and wheels moving. But we know that few men are working. The shutdown is better than anticipated, considering all the difficulties we have had to contend with. We probably will not know until tomorrow morning just how complete the strike is. Everything is at present more than satisfactory."

From a steel official who requested that his name be withheld, came this statement:

"We are in far better shape today than we really expected to be. Practically all the plants are operating. In some cases only certain departments are running and a number of blast furnaces are closed. This is mostly because foreign labor is employed at the furnaces and the foreigners constitute the majority of the organized men."

It was a source of satisfaction to both sides that the big strike was ushered in with comparative quiet and no disorder.

Donora reported the big plant of the American Steel and Wire Company, employing more than 3,500 men shut down completely. Strikers surrounded the gates of the company in large numbers and as the situation became threatening the officials simply locked the gates and barred all entrances.

The great mills of Homestead, Duquesne, Braddock and the South Side of Pittsburgh, forming the backbone of the Monongahela district, were quiet and operating with but little loss of labor. The Allegheny and West Penn Steel Company plant at Brackenridge, largest of the valley plants, though operating, were badly crippled.

At New Castle, where 10,000 men were employed, it was reported that approximately 20 per cent were out and at Vandegriff, 30 per cent heeded the strike call.

The great plants of the United States Steel Corporation at Sharon and Farrell were operating in all departments.

Jones and Laughlin, probably the biggest independent operators in the district, reported that their mills were operating 100 per cent.

Parades were held in a number of the factory towns this forenoon, mostly by striking workmen.

At Homestead the American workmen lined up and paraded into the plant to work.

W. Z. Foster, secretary of the workers national committee, announced today that an extraordinary meeting of the American Federation of Labor's national council for organizing iron and steel workers will meet here Wednesday morning. John Fitzpatrick, who is chairman of the committee, is now in Chicago.

Youngstown, O., Sept. 22.—Pickets are on duty at every steel plant in the Youngstown area this morning as the nation-wide steel strike goes into effect. The picketing at each Youngstown plant was orderly and as the men went to work they were quietly admonished and their names were taken by the union pickets.

It is said that less men went to work at the plant of the Republic Iron and Steel company than at any of the others, this being the best organized of the non-union plants of the Mahoning and Shango districts.

Police have been stationed at each of the entrances to the steel plants and 200 soldiers, who served in the world war and who are members of the American Legion were sworn in by Police Chief Watkins to aid the police in maintaining order. None of the soldier-police were needed when the plants opened.

When the night shift left the plants at 6:30 today many of the men carried their clothes in bundles and went to their homes. All plants are working with reduced forces.

"This strike will be a war to a finish," said S. M. Hammersmark, assistant secretary of the Youngstown district, representing the 24 amalgamated unions. "We have asked the men to be orderly and to remain at their homes, but we have also made it plain to them that the future of organized labor hinges on the outcome of this strike. If they lose this strike, the backbone of unionism will be broken and the men know it."

Meetings were held in eight sections of Youngstown and East Youngstown last night. The address of J. E. McCadden, general organizer and treasurer of the Mahoning and Shango district for the American Federation of Labor, was probably the most significant.

In his address, McCadden called upon the men to use their "best judgment." Go to your homes and do not carry even a pocketknife while on the street," he said. "I may be put in jail before this week ends, but if I am, I have a good lawyer to take care of my interests. Do not give up the fight."

## SANDRA THE JEALOUS

BY JANE PHELPS.

Walter Kemp an Undesirable Acquaintance.

CHAPTER LXVII  
I rearranged the cushions, recalling the compliments Mr. Kemp had paid me, and the ease with which I had conversed with him.

"It is because he is nearer my own age," I said aloud, "and because he doesn't treat me like a child. But he isn't nearly as handsome as Everett." I was still young enough to believe that a handsome man was very much to be desired as a husband.

When Everett came in I told him at once of Mr. Kemp's call, and mentioned the flowers.

"You received him again after what I said?"

"Why yes—you didn't say I should not," I was cowed at once, in spite of my resolutions not to be.

"Well I say so now. Do not receive Walter Kemp in my absence. It is such men as he who cause trouble." He said nothing of the flowers, but went up to dress.

"Eat your dinner, Sandra," he said when after a few moments we sat down to dinner. After dinner Everett left the dining room quickly, and as I followed him said "I am going out."

"Please take me, Everett. It is so lonely alone."

"That is impossible."

"Will you be late?"

"I do not know. Go to bed by 10 o'clock."

He kissed me carelessly and left me to spend the long evening alone. I wouldn't do it! I'd call up someone or go somewhere.

I called Alice Sloane then Dagmar Stewart. Both were out. Then a sudden impulse seized me. I called Barrett Edmonds. He said he would come and thanked me for asking him. I was already dressed, so asked him to come early.

It wasn't quite 8:30 when he appeared. I was awfully glad to see him, and told him so. He like others had read of my accident, and the burglary. Later, he told me he had cut my picture from the paper and had framed it.

"You were very brave," he said when I had answered all his questions about the burglar. "Most women would have screamed. Had you done so, he might have killed you. He was desperate or he would not have shot the butler."

"He was not bad-looking, young and dark. I saw his face quite plainly once."

"So that you would know him again?"

"No—at least I do not think so. His features—no, I could not recall them. It was just an impression of a young man more than anything else."

Barrett had brought some music and we played and sang until about half past ten. Then he rose to go. I did not urge him to remain longer—Everett might come in and be unpleasant.

"I was nearly ready for bed when he finally came home. I had loitered over my preparations, and it was nearly 12 o'clock."

"I thought I told you to retire early," he did not kiss me—just stood and glowered at me.

"I had a caller. I couldn't very well go to bed."

"Who called?"

"Barrett Edmonds." Then I recalled that Hetty's aunt had said that Leola, Everett's first wife, never tried to hide anything she did—that no matter if she knew it would make Everett awfully angry, she told him, and that although he would try to make her promise not to receive people again or go places he never could, I would do the same. So I added:

"I called him up and asked him to come."

"You mean that you telephoned him after I had gone out?"

"Yes. I called Alice Sloane and Dagmar Stewart but both were out, then I called Barrett. We had a delightful time. He brought some music. But you mustn't blame him because I was up. He left about half past ten. I have been dawdling

## "A REAL FRIEND" SAID H. E. MILLS OF ROUTE FIVE

HE THUS DESCRIBED NERV-WORTH AND WITH THE BEST OF REASONS.

A very strong contribution to those Nerv-Worth endorsements which well-known home folks have been gratefully handing in.

Sayre & Hemphill:—A year ago last July I was overcome by heat exhaustion and from that time on I have had nervous trouble. I suffered from dizzy spells. My stomach pained me and my bowels would act too freely. I tried several doctors and many different medicines. Finally I found Nerv-Worth and I have taken not quite one bottle. My dizziness no longer bothers me and my stomach is in fine shape. Bowels are regular. I sleep better and feel better than I have for years. I can't feel myself growing stronger. Nerv-Worth is a real friend. I cannot recommend it too highly. It does the work and does it quickly.

H. B. MILLS, Route 5, Xenia, Ohio.  
Your dollar back at Sayre & Hemphill's drug store, Xenia, if Nerv-Worth does not do for you what it did for Mr. Mills. W. F. Harper sells Nerv-Worth at Jamestown.

thinking. I did not realize it was so late. Where did you go?"

"Never mind where I went. Get to bed."

As he turned away to his dressing room, I thought I heard him mutter: "I will not let another"—then the door closed.

I could not sleep for some time trying to make out what he had meant. Did he think I was going to be like Leola, and have my own way, be indiscreet in spite of him. I hoped so.

Tomorrow—Irma Barton invites Sandra to lunch.

## "COME IN--THE WATER'S FINE"

(From Xenia Herald.)

"The Xenia Business Men's club did wonders in bringing together local business men, with common aims. Prior to its organization discord was found in every block. Nearly every man seemed to be arrayed against some other man. Envy and petty jealousies ruled. The condition made united action impossible. When these men met together they gained new impressions of one another, turned their backs on the past and united to face a bright future. The fine spirit now existing is due wholly to the crusade of the Business Men's club. The proposed Chamber of Commerce opens up a new and broader vista. The view point is broad enough to accommodate all Xenia. Come in. The water is fine."

## Sure Relief

BELL-ANS FOR INDIGESTION

## VALUED SOLDIER GETS DISCHARGE

The Fort Bayard News, the official organ of Fort Bayard, New Mexico, has published a lengthy article concerning the discharge of Sergeant Tourist Thompson, son of Mr. and Mrs. E. R. Thompson of this city who arrived here several days ago.

In part the News is quoted as follows: "In addition to his duties as head of the drafting department and instructor here, Sergeant Thompson rendered valuable and expert service in a practical way in designing many of the proposed buildings of the reconstruction division. He also projected a topographic map of the post and its surroundings which represented weeks of the most careful and painstaking effort. Sergeant Thompson's loss to the reconstruction school will be distinctly felt, and the best wishes of its personnel as well as his many friends throughout the Post, ac-

company him. He returns to Fort Wayne, Ind., to take up his duties as instructor in the Junior High School there."

## LID SOON TO BE PRIED OFF 1919 FOOTBALL SEASON

When the referee blows the whistle next Sunday afternoon, the lid-prying football event of the 1919 season, will have been started.

The clash will be between the local Maroons, newly organized independent team, and the Springfield Pirates, a challenging organization from the Home City. The latter outfit is out for the championship of its class in this section, but it is thought locally that it is doomed to disappointment when it connects with the sturdy pig-

skin warriors, representing the Maroons.

The new club is hoping to put Xenia back on the map in independent football circles and it will be the first team representing Xenia since the well-known Mercuries were subordinated by indebtedness in the height of their career.

The Maroons have placed themselves on a firm footing, and with Paul Walker at their helm as manager, and the experiences of their predecessor as example, should be able to steer clear of the pitfalls that beset the older organization.

The locals have been practicing faithfully for the initial contest and expect to make a good showing when they take the gridiron at Reserve park next Sunday. On the following Sunday the locals will meet the Dayton Beavers, and if they want to keep a clean slate this season, they will have to get rid of these two husky teams on the jump-off.

**Dogs in Warfare.**  
Some of the most beautiful as well as some of the most tragic stories of war have for a hero the shaggy, faithful, uncomplaining figure of a dog. Like men, they die at their posts, so that there is constant call for more soldier dogs.

## YOUR CATARRH MAY LEAD TO CONSUMPTION

**Dangerous to Use Treatment for Only Temporary Relief.**

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and other distasteful features.

The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your

path. Your own experience has taught you that the disease cannot be cured by sprays, inhalers, atomizers, jellies and other local applications.

S. S. S. has proven a most satisfactory remedy for Catarrh because it goes direct to its source. Get a bottle today, begin the only logical treatment that gives real results. For free medical advice write Medical Director, 47 Swift Laboratory, Atlanta, Ga.

Just received, two cars of Atlas Cement. Wilson Engineering & Contracting Co. adv 9-22

Mr. and Mrs. E. H. Heathman have returned home after spending two weeks at a Michigan pleasure resort.

Mr. and Mrs. H. E. Powers entertained at their home near Springfield, Sunday, the following guests: Mr. and Mrs. B. F. Thomas of Xenia, Mr. and Mrs. J. S. Thomas of near Jamestown, Mr. and Mrs. A. L. Stingley, and son Charles, of near Wilmington, Mr. and Mrs. Jesse Leveck and son Donald, of Jamestown, Mrs. Lizzie Hite and son and daughter, James and Nettie, of Bowersville, Mr. and Mrs. J. L. Thomas and daughter, Flossie, of Springfield, and Mr. Franklin Lucas, of Idaho, he being an uncle of Mrs. H. E. Powers.

Bayliff and Harner have dissolved partnership and will no longer be associated in business. adv 9-22

Alleging that the defendant deserted him and their children in 1917, and is now living in Columbus, William A. Earley has brought suit for divorce from Martha Powell Earley, whom he married in this city in 1893. They have five children, ranging in age from 18 to 7 years, and the plaintiff asks to be awarded custody of the three minors. Howard and Howard attorneys.

The non-appearance of Lieutenant Don Campbell, formerly of the U. S. A. aviation forces, who was scheduled to make passenger flights from this city Saturday, disappointed a number of the Robert field for several hours. The Robert field for several hours, expecting the aviator to appear. Lieut. Campbell advertised that he would take passengers on 15 minute flights.

Miss Anna Clevenger left for Columbus, Sunday morning to attend the golden wedding of her sister and brother-in-law Mr. and Mrs. B. S. Stevenson of 362 Miller Avenue, which event will be celebrated Tuesday, Sept. 23rd. Mr. Clevenger will attend also.

### MRS. THOMAS FRANKS GIVEN A SURPRISE

Mrs. Thomas Franks was delightfully surprised by thirty-one relatives at her home at 15 Race street Sunday, the occasion being her 68th birthday.

A large birthday cake with 68 pink candles occupied the center of the table at the birthday dinner and Mrs. Franks also received many presents. Those present were Mr. and Mrs. Lart Hammer and daughter, Marjorie, Archie Franks, Mrs. M. Myers and daughter, Vera, Mr. and Mrs. Ray Franks, Mr. and Mrs. Albert Franks and son Archie, Mrs. Mary Franks and children, Nora and Clifford, Mrs. Ruth Moore and daughters, Mr. and Mrs. Charles Reese and son, Kenneth, Mr. and Mrs. Fred Horner and daughter, Mildred, Mr. and Mrs. Wm. Horner and son, William, Jr.

### RECEIVES PAINFUL CUT ON HAND

Charles Rankin, track foreman on the D. and X. traction line received a severe cut on the hand last Saturday afternoon, when one of the hand. The cut was a serious one injury at his office. The tendons were severed and the cut was very painful requiring several stitches. Rankin in the tie factory near the car barns threw a piece of tin from the window striking Mr. Rankin on the head. The cut was a serious one and he was rushed at once to this city on the three o'clock car and met by Dr. C. G. McPherson who dressed the injury at his office.

Funeral services for Harry E. Drakefield were held at the home on South Detroit street Saturday afternoon, and were in charge of the Rev. P. P. Proudfit. Interment was made in Woodland, and the pallbearers were John Cummings, Henry Olessee, Oliver, Frank, Jeff and William Drakefield.

John W. Dillencourt of Chicago, is pending a few days in this city, having come to see his father, John Dillencourt, Sr., who is very ill.

Marriage License—Jacob Ralston, 1, teacher, Radon, Ohio and Margaret Mary Craig, 18, teacher, Sandusky, daughter of C. S. Craig, Rev. G. Carson.

### DOCTOR JACKSON'S DIGESTIVE AND LIVER POWDER

Fine for indigestion. Try it and be convinced.

## FORTUNATE TURN OF EVENTS FOR COLUMBUS LADY

Friends and Neighbors All Praise the New Remedy, Drecto, So She Decided to Try It Also.

"My friends and neighbors were all talking so much about this new medicine, Drecto, and how it was helping them, so I got a bottle of it, and I'm feeling better today than I have in years," said Mrs. E. Lahman, of 546 Peck St., Columbus, O.

"Stomach trouble was undoubtedly the cause of my suffering. I suffered all the pains of indigestion after each meal. I was also constipated and had bad dizzy spells. I couldn't sleep at night and was very nervous. Of course I became greatly rundown, and things looked black for me, and I heard so many people speak highly of the new herb medicine, Drecto, and I saw so much about it in the newspapers, that I decided to give it a trial. I took just one bottle of Drecto, and it did wonders for me; I have never seen its equal. One dose of it buoyed me up wonderfully; I am taking it right along, and am simply getting along fine now. You can add my recommendation to the hundreds of others."

Drecto has, time and time again, proved its worth in all human ailments, which had their inception in the digestive tract. It seems to be just the right thing for such ailments as indigestion, gastritis, dyspepsia, biliousness, constipation, sleeplessness, headaches, rheumatism and similar ills. Drecto is not a new fangled patent medicine. It is simply a combination of roots, herbs, barks and berries put up according to an old-fashioned recipe, in a modern, scientific way. It contains no dangerous mineral salts or acids, and is safe and sure in its action.

All good druggists now sell Drecto and it is highly recommended in Xenia by Sohn's Drug Store.

noontide devotions will be led by Mrs. Frank Dean.

The afternoon session will take up at one o'clock and at 1:30 there will be devotionals by Rev. Charles Bennett. The minutes of the morning session will then be read and reports of the treasurer, Mrs. S. T. Baker, the auditing committee by Mrs. Mary B. Collins and Mrs. William Smith and the Fair committee by Mrs. Henry Norekauer will be heard.

"The World's Outlook," will be the subject taken by Mrs. Earl McClellan and at three o'clock Mrs. Jesse Johnson will take up the National Child Welfare work. Summaries of the year's work by the local presidents and the outlook by the county superintendents will occupy one minute each. Rev. Homer G. Biddlecum, chairman of the Greene County dry campaign, will also give an explanation of the campaign at the afternoon session.

—The Standard Bearers of the First M. E. Church will meet at the home of Miss Martha Finley Tuesday evening at 7 o'clock.

Must Remain Awake. "Opportunity knocks at every man's door," said Uncle Eben; "but if you 'sits down an' listens, you's liable to drap off to sleep an' not notice it."

## Share in the Profits of The Farm Tractor Business—the coming great industry

Today there is a steadily increasing, world wide demand for farm tractors to replace horse power in all kinds of agricultural work. The filling of this demand gives the farm tractor business splendid money making possibilities. Big Business men and financial experts are of the opinion that the remarkable profits paid to the investor in recent years by the automobile and motor truck industries will be repeated in the farm tractor business.

As a splendid investment opportunity in the farm tractor industry we offer the remaining portion of The Reliable Tractor and Engine Co., 7% cumulative participating preferred stock at \$100 per share with a 20% bonus of common stock.

This Company is an established and going concern manufacturing farm tractors and gas engines. It has taken over the assets of The Reliable Engine Company of Portsmouth, Ohio, which were over \$400,000 net. The plant and organization is to be moved to Cincinnati, expanded and a quantity production established.

The net earnings of The Reliable Engine Company on gas engine business alone for the past 4½ years amounted to about \$150,000. In addition all expenses of developing The Reliable Tractor were taken care of. This Tractor made perfect records at recent demonstrations in Columbus, Middletown, Fostoria and Akron, Ohio.

The new Company's gas engine business established on a quantity production will alone provide profits more than sufficient to pay the preferred dividend requirements of the new stock issue. All profits made on farm tractors will be extra.

We offer and recommend

The Reliable Tractor and Engine Company, 7% cumulative participating preferred stock \$100 per share—Bonus of 20% common stock.

The preferred stock is par \$100 and the common stock is par \$10. The preferred stock of The Reliable Tractor and Engine Company in addition to paying 7% cumulative dividends will participate equally with the common stock in all profits after the 7% preferred dividend and a 7% common dividend is paid. Each investor shares in all the net earnings of the Company, being first preferred as to 7%, payable semi-annually in January and July.

A comprehensive exhibit of the tractor and the gas engines manufactured by this Company awaits the investor's inspection at the Ground Floor Exhibit Room, Union Central Building, Cincinnati.

We have prepared a special illustrated circular giving further information concerning The Reliable Tractor and Engine Company. If interested we will gladly send a copy upon request.

A visit to this exhibit or the reading of our special circular will provide the investor with ample proof that the farm tractor industry has excellent profits ahead and that this Company's capable management, progressive business methods and proven products insure a future with splendid investment possibilities.

## THE STEEL INDUSTRY'S FIGHT WITH THE LABOR UNIONS.

Monday, September 22nd, had been set for some time by the Labor Union for a strike to compel the great steel industry to recognize the Union. President Wilson has been making every effort possible to induce the Unions to defer the strike until after the holding of the great Capital and Labor Conference which he has called, to commence its sessions on October 6th. By the time this article reaches our readers it will be known whether or not his appeal was heeded. Judge Gary, as spokesman of the Steel Industry, is fighting to maintain the principle of the open shop as to labor; and to prevent this the Unions proposed striking. Time alone will tell the result.

Within the American Federation of Labor there are two factions, one, the so-called "conservative wing," directed by Mr. Gompers, and the other the radical group, of which Mr. Fitzpatrick and Mr. Foster, the two chief organizers of the iron and steel trade workers, are leading exponents. Mr. Fitzpatrick is one of the dominant figures in the movement which is under way in Chicago and Cleveland to found a labor political party.

In addition to other complications there is the national distrust of President Wilson's policies which enter into the situation. Business men generally feel that the President has sided too often and too earnestly with labor, that his whole administration has been pro-labor, especially pro-labor union. They have never forgiven nor have they forgotten the administration policy toward railroad employees.

About one week ago, news was circulated among the big business leaders that the President's reasons for calling the conference in Washington were based upon his plans of establishing the so-called "Rock Island" system industry throughout the country; this plan, it is said, will be suggested by the President as a means of solving our "labor problem." It is the plan of "industrial democracy," which the War Department, under Secretary Baker, has introduced in the government arsenal at Rock Island, Illinois. Conservative manufacturers look upon this as introducing the soviet system in industry in this country. They claim that under the Rock Island plan the men choose their own bosses and "run" the industry.

Meanwhile preparations for the strike continued with capital divided, labor unions divided and the country divided. The only attitude the country as a whole can adopt is one of "watchful waiting" while President Wilson, Judge Gary, President Gompers and Mr. Fitzpatrick continue the game of industrial chess behind closed doors.

### "HOME, SWEET HOME."

The welcome to General Pershing very much impressed us by the thought that after all the victory and success of war the real emotion and deeper meaning of the welcome lay in the simple strains of "Home, Sweet Home"—that this one home-coming summed up, all the home-comings of the great force that brought an end to the colossal conflict on the other side.

What is this "home" and who has charge of the making of this home? Where can we learn the science of this home? The knowledge and happiness that create a "home" to rival the movies and the jazz band?

Where are the women who are absorbed in the study of a home, where walls and floors, and books and pictures meet to make a harmony that give comfort.

What can the war give, the league of nations, the jazz band or the movies, if, when we go home, we find emptiness, mental and physical? For who but the home maker knows how to order a dinner or cook one?

The combinations of food and the decorations of the table, so important from day to day.

How we glory in our women, whose interests are in things that seem important, the making of this home idea, and who as the artist creates his masterpiece, make their interests, amusements, ambitions, reach their climax of beauty and happiness in the happy home?

## WATER WORKS QUESTION BOX

This question box is being conducted by the Newspaper Publicity Committee for the purpose of answering various questions that are asked regarding the purchase of the Water Works plant. The questions are answered by the committee.

### Publicity Committee:

Gentlemen:—Why is it going to be necessary to buy the present water works company out in order to get control we should have of our supply of water? Why cannot the city spend the money in developing a new competing plant? Then let the present water works company sell its water to whoever likes the taste of it. A Citizen Who Doesn't Like Its Taste.

Committee's Reply:—So many inquiries have been made about the advisability of a competing plant that the cost of such an undertaking has actually been investigated although a little reflection will disclose how absolutely impractical it is.

In the first place the present plant was laid when pipes and other materials were less than half as expensive as they are today. In the second place, the labor of installing the present plant involved a cost of less than half the amount it would be today.

The present plant was installed before the streets were paved. To build a competing plant would involve tearing up our paved streets and rebuilding them. Even if the mains and laterals could be laid in alleys, as some citizens have suggested, the city would have to purchase right of way on private property where there are no alleys, and would have to tear up the paved streets at intersections, and the cost at a very low estimate would be more than \$500,000. The present plant can be purchased for about half of this, and in so far as the present pipe system is concerned it is as good as a new one, and much better than a system that would be laid in our back alleys.

It would be necessary to rip up \$240,000 worth of street paving to install a system as good as the present one; pay \$58 a ton for pipe, aggregating more than \$145,000. The cost of laying would be \$111,000. A new standpipe would cost \$15,000. Two hundred fire plugs would cost \$10,000, and we would still have no wells, pumps, laterals or water.

### GRAPE GROVE

Miss Dorothy Tarr, of Cedarville was the week-end guest of Miss Lorene Glass.

We are glad to hear M. Jay Ellis, former superintendent has a good position as principal in a Centralized school near Circleville. His wife is also teaching.

Wm. E. Sheely and family had as their guests Sunday Mr. and Mrs. Lasita Campbell and daughter, Ollie from Hillsboro.

Grover Miller and mother had as their guest a few days last week Mr. Jacob Knepper of Columbus.

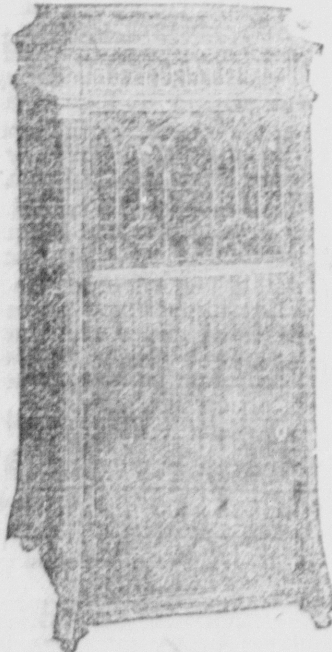

Mr. and Mrs. Simpson spent the evening with the latter's mother, Mrs. Cox near Jeffersonville.

## BELLBROOK

Della Hopkins and daughter, of Paola, Kan. came Sunday for a visit with their father and grandfather, Mr. D. H. Hopkins.

Sylvester Anthony has secured a position with James Turner, of Springfield, and will attend school in that city during the coming winter.

W. H. Siedenstricker returned home Tuesday from W. Virginia, where he had been in the employ of the Oregon Bridge Company. He left again Wednesday for Bridgeport, Illinois, where he has a contract with the same company.

John Kable, who has been at Martinsville, Ind., for several weeks on account of his health, has returned home.

Amanda White was taken dangerously ill Sunday evening, and for several hours doubt was expressed as to her recovery. At present she is some better. Mrs. Minnie Thomas is nursing her.

Little Robert Kable, son of Mr. and Mrs. Charles Kable, two miles north of town, was seriously burned Wednesday. We were unable to obtain the particulars.

Mason Prugh and wife, of near Dean, called on Amanda White Wednesday evening.

Marion James, of Dayton, paid his brother-in-law and sister, Mr. and Mrs. Theodore Peppers, a visit, Wednesday.

Trustee George Penewit suffered the painful experience Wednesday of having his right shoulder thrown out of place. The accident occurred while Mr. Penewit was climbing into a box-car at Spring Valley for the purpose of unloading fertilizer. Dr. Vandeman, after several desperate efforts, succeeded in pulling the dislocated member back in place.

While here Friday for a short visit with his five surviving comrades—all that are now left in the village—Major Rooks, who claims the undisputed distinction of being the youngest soldier to bear arms in the Northern Army during the Rebellion, informed us that an important event in his army career has been overlooked by us in our article to The Dayton Journal a few months ago. The Major says that aside from the above mentioned honor he has papers in his possession signed and sealed by high army officers, which proves beyond the possibility of a reasonable doubt that he was the best drilled man in his regiment. He also has a paper signed by his 99 competing comrades conceding him the honor. The old veteran says the \$50 prize was won in a field of 100 competitors—10 out of each company. After this interest-

ing event, the proud soldier boy was recommended by his Captain for paymaster of the Patomic army, but it was rejected on account of his extreme youth.

## BATH TOWNSHIP SCHOOL NOTES

The schools of Bath township opened Sept. 8, with the following enrollment: Ireland 26, Warner 19, Prairie View 20, Pleasant View 26, Dunn 20, Folck 13, Byron 32, Green Oak 31, Union 24, Fairfield 25, primary; Fairfield 20, Grammar; High School 36. Total 292.

By grades the enrollment is as follows:

First grade 15, Second grade 28, Third grade 33, Fourth grade 40, Fifth grade 34, Sixth grade 23, Seventh grade 27, Eighth grade 21, High School, Freshmen, 17, Sophomores 11, Juniors 5, Seniors 3.

The teachers of the High School gave the pupils a watermelon feed at noon Friday.

Miss Warner took her class in Agriculture on a field trip to study the field selection of seed corn and to secure samples of corn for class use.

## PLEASANT SURPRISE

Quite a number of friends gathered at the home of Mr. and Mrs. Howard

## Bad Sickness Caused by Acid-Stomach

If people only realized the health destroying power of an acid stomach—of the many kinds of sickness and misery it causes—they would guard against it as carefully as they do against a deadly plague. You know in an instant the first symptoms of acid-stomach—pains of indigestion; distressing, painful bloating; sour, gassy stomach; belching; food repeating; heartburn, etc. Whenever your stomach feels this way you should lose no time in putting it to rights. If you don't, serious consequences are almost sure to follow, such as: indigestion, fermentation, auto-intoxication, impairment of the entire nervous system, headache, biliousness, cirrhosis of the liver, sometimes even catarrh of the stomach and intestinal ulcers and cancer.

If you are not feeling right, see if it isn't acid-stomach that is the cause of your ailment. Take EATONIC, the wonderful modern stomach remedy. EATONIC Tablets quickly and surely relieve the pain, bloating, belching, and heartburn that indicate acid stomach. Make the stomach strong, clean and sweet. By keeping the stomach in healthy condition so that you can get full strength from your food, your general health steadily improves. Results are marvellously quick. Just try EATONIC and you will be as enthusiastic as the thousands who have used it and who say they never dreamed anything could bring such marvellous relief.

So get a big 50-cent box of EATONIC from your druggist today. If not satisfactory return it and he will refund your money.

EATONIC  
(FOR YOUR ACID-STOMACH)

## NOTICE

## CENTRAL HI REVIEW MAKES FIRST BOW FOR THE SEASON

The Central Hi Review, the official bi-monthly organ of Central High School, has just issued its first number of the year.

The Review is a snappy, newsworthy little paper with well-written material and in its first publication of the year keeps well up with the standard set by last year's issues. Owing to the fact that Allen Kestle, editor-in-chief, of the paper, has moved to Findlay, Ohio, the publication is now without an editor-in-chief and candidates for the position are now competing for the office.

Each candidate must submit an editorial and list of assignments which are then judged, and the position is filled on the merit of the candidate. An editorial "Chamber of Commerce" printed in the first issue, was presented by Arthur Bales, a candidate for the office of editor-in-chief, and is a well-written piece of work. The editorial is as follows:

"Occupying the center of attention at present is the campaign to organize a Chamber of Commerce in Xenia. Primarily this concerns the city, but it has a direct bearing upon the students of the High School. For we will be the men and women of tomorrow."

"The Chamber of Commerce cannot develop into a strong organization in a single day or even in a single year. It will take time, perhaps several years, before it receives its full strength. By that time we will, out of the student class, have taken our place in the community life. Therefore if we take up the idea now—study its principles—observe the benefits to be derived by its use, then we will be better fitted, when our time comes to take charge and when we in turn hand it over to the next generation, we will be better able to turn over to them a better city than we received."

"But aside from a future viewpoint it has a close connection with the present. The Chamber of Commerce has as one of its most important principles the betterment of civic conditions. Surely this cannot help but affect us greatly. For several years we have needed a new high school. The need has been greatly recognized but nothing done to supply the need until just recently. This would be one of the problems investigated by the Chamber of Commerce."

"No city can be complete without a modern High School. A modern High School must contain several things: First, an auditorium where debates and other activities could take place and where the students could be assembled to hear addresses by people who really have a message worth while to the High School students, and second—a gymnasium where the future generation can obtain physical power with which to combat the problems that will confront them. These two features are necessary if we are to have the mental and physical ability to make intelligent citizens."

"The best way in which we can secure these things and show the present leaders in our city's affairs that we will support and stand back of them, is to be a BOOSTER for the CHAMBER OF COMMERCE."

SEE WHAT THEY ARE DOING AT TROY

Here is a news article taken from the Troy Daily News of Thursday, September 18, which has a direct bearing on the water question in Xenia and should be of much interest to Xenia people:

TROY WATER IS GOOD AND NOW IT IS CHEAPER

"Service Director R. P. Hennessey has struck one blow at old H. C. L. as he has announced a substantial reduction in all water rates which will be welcome to large and small consumers alike but will naturally be especially welcome to the latter upon whom the burden of increased costs in other lines have fallen so heavily."

Hereafter not only will the minimum rate be \$1.50 a quarter or \$6.30 a year instead of \$2.00 a quarter or \$8.00 a year, but the amount to be used at the minimum price has been raised from 10,000 gallons to 15,000 gallons. The latter change will be welcome news to many whose consumption ran somewhat above the previous minimum."

The larger users will also benefit as the reduction on larger quantities will average nearly 20%.

Mr. Hennessey states the water works system has been making considerable money for the city and he considers it preferable to reduce the cost to the consumers rather than to endeavor to still further increase the accumulated profit."

Mr. Hennessey states the water works system has been making considerable money for the city and he considers it preferable to reduce the cost to the consumers rather than to endeavor to still further increase the accumulated profit."

## SURPRISED ON THEIR WEDDING ANNIVERSARY

Mr. and Mrs. J. R. Jones were the victims of a pleasant surprise Thursday evening, when their children and families met to help them celebrate their fortieth wedding anniversary. Refreshments consisting of ice-cream and cake, which the guests brought with them, were served and a most joyful evening was spent by all.

Those who enjoyed the occasion were, Mr. and Mrs. J. R. Jones, C. R. Bales and children, O. Q. Smith and family, of Xenia, C. A. DeVoe and family, of Jamestown, J. T. Jones and family, Francis DeVoe and family, of and children, of near Xenia, J. L. near Paintersville, Mrs. Roy Hook Jones and family, F. R. Jones and family and Misses Eva and Cleo Jones.

All departed at a late hour wishing the host and hostess many long years of happiness.

TELEPHONE YOUR WANT ADS.

Painting a Pine Floor.  
Deck paint is the technical name of the paint that was used on a white pine kitchen floor. Three coats were given, and as it contained considerable dryer, it dried overnight. When the last coat was thoroughly dry it was treated like a hardwood floor with a coat of floor wax. This protected the paint and made the floor easier to take care of.

## FOR BURNING ECZEMA

Apply Zemo the Clean, Antiseptic Liquid—Easy to Use—Does Not Stain

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

## THE STEEL INDUSTRY'S FIGHT WITH THE LABOR UNIONS.

Monday, September 22nd, had been set for some time by the Labor Unions for a strike to compel the great steel industry to recognize the Union. President Wilson has been making every effort possible to induce the Unions to defer the strike until after the holding of the great Capital and Labor Conference which he has called, to commence its sessions on October 6th. By the time this article reaches our readers it will be known whether or not his appeal was heeded. Judge Gary, as spokesman of the Steel Industry, is fighting to maintain the principle of the open shop as to labor; and to prevent this the Unions proposed striking. Time alone will tell the result.

Within the American Federation of Labor there are two factions, one, the so-called "conservative wing," directed by Mr. Gompers, and the other the radical group, of which Mr. Fitzpatrick and Mr. Foster, the two chief organizers of the iron and steel trade workers, are leading exponents. Mr. Fitzpatrick is one of the dominant figures in the movement which is under way in Chicago and Cleveland to found a labor political party.

In addition to other complications there is the national distrust of President Wilson's policies which enter into the situation. Business men generally feel that the President has sided too often and too earnestly with labor, that his whole administration has been pro-labor, especially pro-labor union. They have never forgiven nor have they forgotten the administration policy toward railroad employees.

About one week ago, news was circulated among the big business leaders that the President's reasons for calling the conference in Washington were based upon his plans of establishing the so-called "Rock Island" system industry throughout the country; this plan, it is said, will be suggested by the President as a means of solving our "labor problem." It is the plan of "industrial democracy," which the War Department, under Secretary Baker, has introduced in the government arsenal at Rock Island, Illinois. Conservative manufacturers look upon this as introducing the soviet system in industry in this country. They claim that under the Rock Island plan the men choose their own bosses and "run" the industry.

Meanwhile preparations for the strike continued with capital divided, labor unions divided and the country divided. The only attitude the country as a whole can adopt is one of "watchful waiting" while President Wilson, Judge Gary, President Gompers and Mr. Fitzpatrick continue the game of industrial chess behind closed doors.

### "HOME, SWEET HOME."

The welcome to General Pershing very much impressed us by the thought that after all the victory and success of war the real emotion and deeper meaning of the welcome lay in the simple strains of "Home, Sweet Home"—that this one home-coming summed up all the home-comings of the great force that brought an end to the colossal conflict on the other side.

What is this "home" and who has charge of the making of this home? Where can we learn the science of this home? The knowledge and happiness that create a "home" to rival the movies and the jazz band?

Where are the women who are absorbed in the study of a home, where walls and floors and books and pictures meet to make a harmony that give comfort.

What can the war give, the league of nations, the jazz band or the movies, if, when we go home, we find emptiness, mental and physical? For who but the home maker knows how to order a dinner or cook one?

The combinations of food and the decorations of the table, so important from day to day.

How we glory in our women, whose interests are in things that seem important, the making of this home idea, and who as the artist creates his masterpieces, make their interests, amusements, ambitions, reach their climax of beauty and happiness in the happy home?

## WATER WORKS QUESTION BOX

This question box is being conducted by the Newspaper Publicity Committee for the purpose of answering various questions that are asked regarding the purchase of the Water Works plant. The questions are answered by the committee.

### Publicity Committee:

Gentlemen:—Why is it going to be necessary to buy the present water works company out in order to get control we should have of our supply of water? Why cannot the city spend the money in developing a new competing plant? Then let the present water works company sell its water to whoever likes the taste of it. A Citizen Who Doesn't Like Its Taste.

Committee's Reply:—So many inquiries have been made about the advisability of a competing plant that the cost of such an undertaking has actually been investigated, although a little reflection will disclose how absolutely impractical it is.

In the first place the present plant was laid when pipes and other materials were less than half as expensive as they are today. In the second place, the labor of installing the present plant involved a cost of less than half the amount it would be today.

The present plant was installed before the streets were paved. To build a competing plant would involve tearing up our paved streets and rebuilding them. Even if the mains and laterals could be laid in alleys, as some citizens have suggested, the city would have to purchase right of way on private property where there are no alleys, and would have to tear up the paved streets at intersections, and the cost at a very low estimate would be more than \$500,000. The present plant can be purchased for about half of this, and in so far as the present pipe system is concerned it is as good as a new one, and much better than a system that would be laid in our back alleys.

It would be necessary to rip up \$240,000 worth of street paving to install a system as good as the present one; pay \$58 a ton for pipe, aggregating more than \$145,000. The cost of laying would be \$111,000. A new standpipe would cost \$15,000. Two hundred fire plugs would cost \$10,000, and we would still have no wells, pumps, laterals or water.

### GRAPE GROVE

Miss Dorothy Tarr, of Cedarville was the week-end guest of Miss Lorene Glass.

We are glad to hear M. Jay Ellis, former superintendent has a good position as principal in a Centralized school near Circleville. His wife is also teaching.

Wm. E. Sheely and family had as their guests Sunday Mr. and Mrs. Lasita Campbell and daughter, Ollie from Hillsboro.

Grover Miller and mother had as their guest a few days last week Mr. Jacob Knepper of Columbus.

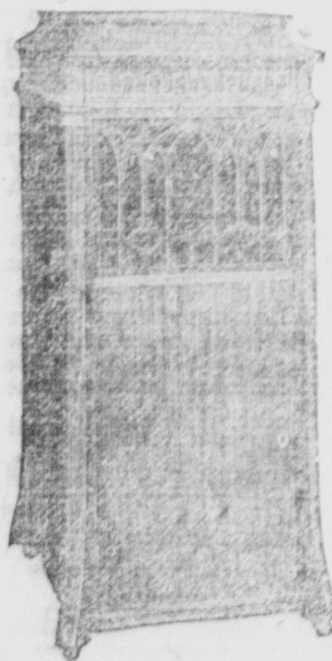

Mr. and Mrs. Simpson spent the evening with the latter's mother, Mrs. Cox near Jeffersonville.

GOOD HOUSEKEEPERS USE BEST That is why they use Red Cross Ball Pins. All leading grocers, 5 cents.

## BELLBROOK

Della Hopkins and daughter, of Paola, Kan. came Sunday for a visit with their father and grandfather, Mr. D. H. Hopkins.

Sylvester Anthony has secured a position with James Turner, of Springfield, and will attend school in that city during the coming winter.

W. H. Sidenstricker returned Tuesday from W. Virginia, where he had been in the employ of the Oregon Bridge Company. He left again Wednesday for Bridgeport, Illinois, where he has a contract with the same company.

John Kable, who has been at Martinsville, Ind., for several weeks on account of his health, has returned home.

Amanda White was taken dangerously ill Sunday evening, and for several hours doubt was expressed as to her recovery. At present she is some better. Mrs. Minnie Thomas is nursing her.

Little Robert Kable, son of Mr. and Mrs. Charles Kable, two miles north of town, was seriously burned Wednesday. We were unable to obtain the particulars.

Mason Prugh and wife, of near Dean, called on Amanda White Wednesday evening.

Marion James, of Dayton, paid his brother-in-law and sister, Mr. and Mrs. Theodore Peppers, a visit, Wednesday.

Trustee George Penewit suffered the painful experience Wednesday of having his right shoulder thrown out of place. The accident occurred while Mr. Penewit was climbing into a box-car at Spring Valley for the purpose of unloading fertilizer. Dr. Vandeman, after several desperate efforts, succeeded in pulling the dislocated member back in place.

While here Friday for a short visit with his five surviving comrades—all that are now left in the village—Major Rooks, who claims the undisputed distinction of being the youngest soldier to bear arms in the Northern Army during the Rebellion, informed us that an important event in his army career has been overlooked by us in our article to The Dayton Journal a few months ago. The Major says that aside from the above mentioned honor he has papers in his possession signed and sealed by high army officers, which proves beyond the possibility of a reasonable doubt that he was the best drilled man in his regiment. He also has a paper signed by his 99 competing comrades conceding him the honor. The old veteran says the \$50 prize was won in a field of 100 competitors—10 out of each company. After this interest-

ing event, the proud soldier boy was recommended by his Captain for paymaster of the Patomic army, but it was rejected on account of his extreme youth.

## BATH TOWNSHIP SCHOOL NOTES

The schools of Bath township opened Sept. 8, with the following enrollment: Ireland 26, Warner 19, Prairie View 20, Pleasant View 26, Dunn 20, Folck 13, Byron 32, Green Oak 31, Union 24, Fairfield 23, primary; Fairfield 20, Grammar; High School 36. Total 292.

## CARRIED THE MAIL ON HORSE BACK FIFTY YEARS AGO

Fifty-six years ago, O. S. Carr, then a boy of 14 years, carried the mail by horseback to Xenia and other Greene county towns. Mr. Carr, whose home is now in Welsh, La., is paying his first visit to Xenia since he quit that job more than a quarter of a century ago. He is the guest of his brother-in-law and sister, Dr. and Mrs. D. E. Spahr.

Mr. Carr said that he secured the mail at South Solon, and his route carried him to Grape Grove, James-town, New Jasper, Xenia and Bellbrook in one day. The following day he made a similar trip from South Solon to Washington, C. H. "No matter what sort of weather there was, the trip had to be made, and I had some pretty strenuous times for a 14 years old chap," said Mr. Carr.

## This Test Reveals a Phonograph's Tone

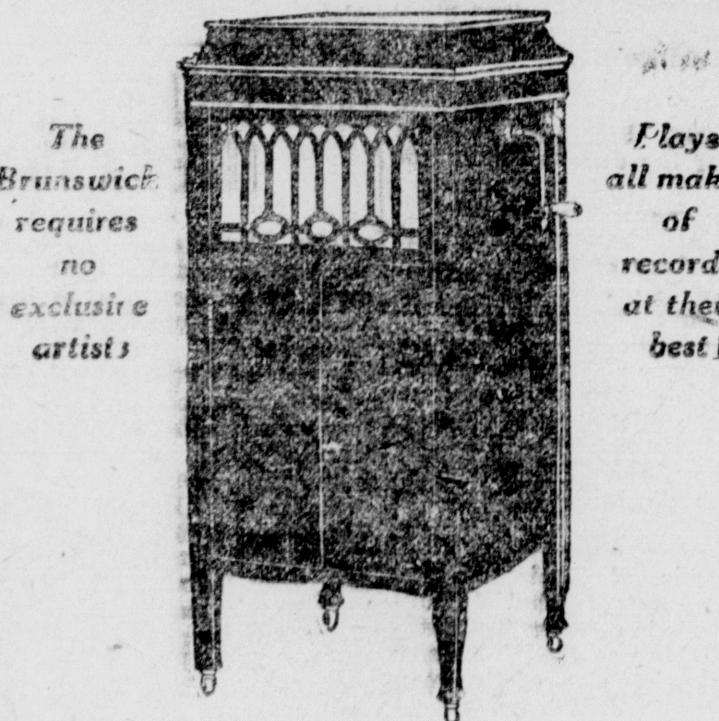

ASK to have piano records played—the most difficult test of sound reproduction. The Brunswick has proved its merits under this ultimate trial, for it reproduces piano tones faithfully.

On The Brunswick, piano records retain their original quality. They cannot be confused with the harp or zither. This is due to the Brunswick Method of Reproduction.

Before you buy, or even if you already have a phonograph, come in and hear The Brunswick. Put it to any tone test you wish. Let us play the most difficult records for you. You will be delighted with the way The Brunswick plays them all.

The Ultona All-Record Reproducer and the all-wood Tone Amplifier are exclusive Brunswick features. And they are integral parts of the instrument—no attachments in any sense.

## Bad Sickness Caused by Acid-Stomach

If people only realized the health destroying power of an acid-stomach—of the many kinds of sickness and misery it causes—they would guard against it as carefully as they do against a deadly plague. You know in an instant the first symptoms of acid-stomach—palis of indigestion; distressing, painful heartburn; sour, gassy stomach; belching; food repeating; heartburn, etc. Whenever your stomach feels this way you should lose no time in putting it to rights. If you don't, serious consequences are almost sure to follow, such as intestinal fermentation, auto-intoxication, impairment of the entire nervous system, headache, biliousness, cirrhosis of the liver, sometimes even catarrh of the stomach and intestinal ulcers and cancer. If you are not feeling right, see if it isn't acid-stomach that is the cause of your ill health. Take EATONIC, the wonderful modern stomach remedy. EATONIC Tablets quickly and surely relieve the pain, bloating, belching, and heartburn that indicate acid stomach. Make the stomach strong, clean and sweet. By keeping the stomach in healthy condition so that you can get full strength from your food, your general health steadily improves. Results are marvellously quick. Just try EATONIC and you will be as enthusiastic as the thousands who have used it and who say they never dreamed anything could bring such marvellous relief. So get a big 50-cent box of EATONIC from your druggist today. If not satisfactory return it and he will refund your money.

**EATONIC**  
(FOR YOUR ACID-STOMACH)

## NOTICE

To the thousands of people in this and other counties who are looking for something to make home a happy place to live, in January as well as July.

To those Home Owners who are tired of ashes and dust; of roasting their faces, and freezing their backs; the loss of room; the annoyance of "setting up," and "tearing down," stoves, every spring and fall; to those who have found other heating systems expensive to install, and costly to operate, and so many times unsatisfactory, we recommend

FORMER WELL KNOWN  
XENIA RAILROAD MAN  
DIES IN INDIANA

Walter D. Johnson, for a number of years well known railroad man in this city, died Sunday at his home in Terre Haute, Ind., following a surgical operation. Mr. Johnson was a railroad bridge carpenter when in this city, and later was made bridge inspector by the Pennsylvania Railroad Company.

After leaving this city, he and his family went to St. Elmo and later Effingham, Ill., but for some time had lived in Terre Haute. Mr. Johnson was 54 years of age. He is survived by his widow who was before marriage Miss Blanche Reed of Yellow Springs, and two sons, Wilbur and Waldo. His

early home was in Yellow Springs, where his body will be taken for burial. The body is expected to reach that place Monday night, and will be taken to the home of Mrs. Reed's brother, Leon Reed, where funeral services will be held Wednesday.

INFLUENZA AND  
PNEUMONIA IS  
CAUSE OF DEATH

After a few days illness of influenza followed by double pneumonia, Frank R. Armstrong former Miami township man, died at his home near Osborn Sunday afternoon. He was 45 years of age, and was looked upon as almost a giant in strength and endurance.

Mr. Armstrong spent all his life until a year or so ago, on the homestead farm of his parents west of Yellow Springs. He is survived by his wife, who was before marriage Miss Grace Lipp of Osborn, and four children: Mrs. Ralph Beal, John, Fred, Erick and Mildred and two sisters, Mrs. Fred Connell, of Yellow Springs, and Mrs. Alice Crawford of Texas.

The funeral will be held Wednesday afternoon at two o'clock. Burial at Fairfield.

YELLOW SPRINGS  
SOLDIER WEDS AN  
INDIANA GIRL

At a simple service which took place at the home of the bride's parents in New Albany, Ind., Sunday, Miss Gladys Cotten of that place became the bride of Gerald Tait, of Yellow Springs. Mr. and Mrs. Tait arrived in Yellow Springs Sunday evening, and are at home in their apartment at the home of Mrs. Funston on Dayton street. Miss Jeanette Tait the bridegroom's aunt was present at the ceremony.

Mr. Tait spent two years in the army, was overseas with the Rainbow Division, and saw much active service.

STOLEN AUTO IS  
ABANDONED ON  
NORTH KING ST.

A Westcott touring car, which was abandoned on North King street about 4:30 Sunday morning, is the property of J. W. Cully of the Victor Rubber Company, Springfield, and was stolen from him Saturday night, according to information obtained by Deputy Sheriff George A. Birch.

The car was abandoned when a tire blew up, and people living in the neighborhood saw a young man get out of the machine and walk back south on King street. He was unaccompanied. Deputy Sheriff Birch took possession of the machine late in the forenoon and placed it in the Evans garage. Monday morning he telephoned to the secretary of state and learned that the car bearing the license No. 359786 was a Westcott belonging to Mr. Cully. He at once communicated with the Springfield man, who said that he would come to Xenia Monday afternoon to get the car.

DON'T SPOIL YOUR CLOTHES.  
That is why they use Red Cross Ball Blue. All leading grocers, 5 cents.

MISS EMMA YOUNG  
PASSES AWAY SUNDAY

Miss Emma Young died Sabbath morning at the home of Dr. and Mrs. M. G. Kyle in Philadelphia after an illness of more than a year's duration. Death has been expected for some time and this fact had delayed Dr. Kyle's arrival in this city to take up his work for the term as a member of the faculty of Xenia seminary.

Miss Young had made her home with the Kyle family a number of years, being an aunt by marriage of Dr. Kyle. She had frequently been here with Dr. and Mrs. Kyle and had a number of friends and acquaintances here. Her burial will take place Wednesday forenoon at Pittsburg, her former home.

STATE SECRETARY  
OF CHILD WELFARE  
COMING TO XENIA

Word has been received from Miss Lucia Johnson, State Secretary of Child Welfare work, whose headquarters are in Columbus, that she has reserved Friday afternoon for a visit to Xenia. All members of committees organized for school welfare work in Xenia and in the various townships of Greene county are urged to be present in order that a full outline of work for the county may be completed under the guidance of Miss Johnson. All interested in any phase of the national child welfare movement are cordially invited to be present. Miss Johnson will speak at 2:30, Friday, September 26th. The place will be announced later.

UNIQUE BIRTHDAY  
PARTY IS ENJOYED

A unique birthday party, at which the guests were all over 90 years of age, was given by the Rev. Peter C. Prugh former pastor of the Reformed church, this city, upon the occasion of the ninety-seventh anniversary of his birth which occurred Sept. 13. The party was given at the home of Rev. Prugh and his son, W. S. Prugh at "El Aliso," their home near San Gabriel, Cal.

The guests were members of the Centenarian club, to which the Rev. Mr. Prugh belongs. The dozen guests were all over ninety and several of them over 95 years of age. Notwithstanding their extreme ages, the guests, men and women, all had a delightful and interesting time at the Prugh home.

## Can't Be Done.

If there should be found a way to inoculate the milkman's voice with this new anesthetic, nikalgin, sleep might not drop so many stitches in her pleasing occupation of knitting up the raveled sleeve of care.—Seattle Post-Intelligencer.

DR. McCLELLAN TO  
ADDRESS CHILD  
WELFARE WORKERS

All who are connected with child welfare work or interested in this movement are urged to hear Dr. Ben McClellan on Wednesday, September 24th at 11 a. m. at the First M. E. Church. Dr. McClellan will speak at the W. C. T. U. Conference at that hour on the Smith-Hughes law and its operation in Greene county. It is distinctly to the interest of all child welfare workers to know about the new law, and the invitation of the W. C. T. U. to embrace this opportunity of hearing Dr. McClellan is greatly appreciated.

## LEGAL NOTICE

Notice is hereby given that, in pursuance to a resolution of the City Commission of the City of Xenia, Ohio, passed the 24th day of July 1919, there will be submitted to the qualified electors of said City at a special election to be held in the City of Xenia on

THURSDAY, SEPT. 25, 1919 the question of issuing bonds of said City in the sum of Three Hundred and Twenty-five thousand Dollars (\$325,000.00), for the purpose of creating a fund for the purchase and extension of The Xenia Water Company.

Said election is to be held at the regular places of voting in said city, as they may be designated and provided.

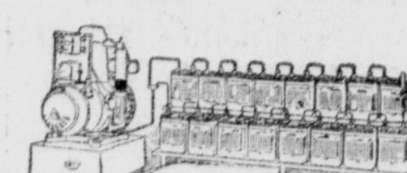

Those who vote in favor of the proposition of issuing the bonds aforesaid, shall have printed on their ballots the words "For the issue of bonds," and those who vote against the same, shall have printed on their ballots the words "Against the issue of bonds."

Dated at Xenia, Ohio, this 25th day of August, 1919.

STRENGTH FOR  
YOUNG MOTHERS

How Lydia E. Pinkham's Vegetable Compound Restores Health and Strength.

Lansing, Mich.—"After the birth of my child I was not able to stand on my feet. I was so weak I could not get up. I suffered such pains in my back I could not work or hardly take care of my baby. One of my neighbors recommended Lydia E. Pinkham's Vegetable Compound. I took it and used Lydia E. Pinkham's Sanative Wash, and I got better right away and was soon a new woman and could work hard, and I can recommend these remedies to other young mothers who are weak and ailing as I was."—Mrs. ORA O. BOWERS, 621 S. Hosmer Street, Lansing, Mich.

Women who are in Mrs. Bowers' condition should not continue to suffer from weakness and pain—but profit from her experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience is at your service.

Big Lot of  
Hay Fever Jokes

But Kentucky Man Says—People Who Belong to Hay Fever Colony are Kidding Themselves.

Wouldn't Be Any Rose or Hay Fever if Simple Home Remedy Was Given a Chance.

"Yes, there's a real NINETY-NINE per cent effective remedy for hay or rose fever," frankly states a druggist in a prosperous Kentucky city.

"But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning."

"The annual crop of hay-fever jokes would be mighty scarce if people would get an ounce of Mentholized Arcline and by just adding water that has been boiled made a pint of liquid that will prove a real help to all who suffer."

"Many of my hay-fever friends tell me that by starting to gargle and sniff or spray the nostrils a few times a day the expected severe attack often fails to appear and in cases where it does show up is very mild and does not annoy."

"The Better Class of Pharmacists" who dispense Mentholized Arcline say it will greatly modify any attack even when taken three or four days after hostilities begin.

Go to a real live druggist when you get ready to make a pint.

## 7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keep mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

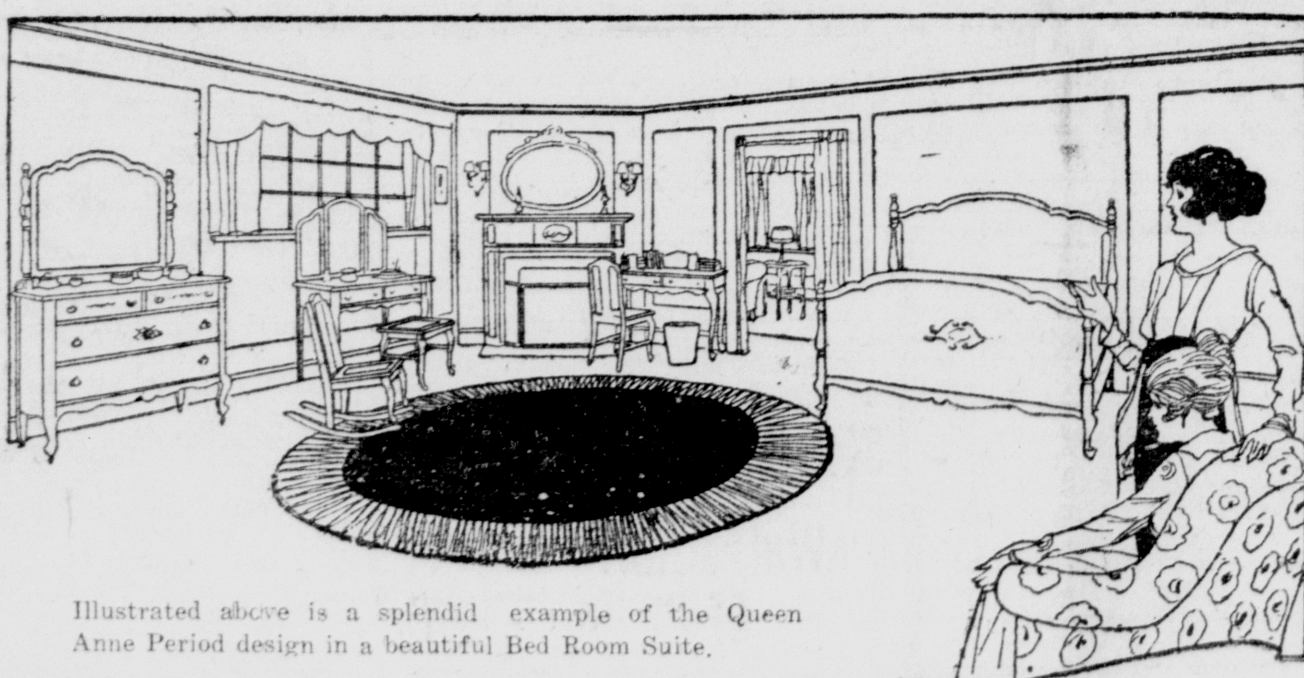

Bio-Feren is without doubt the grandest remedy for nervous rundown, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.
